Hello Central Alameda Board Members,

I have received a potential Grievance in regards to your meeting tomorrow. In light of this, I am highly suggesting that the Regular Meeting be cancelled and rescheduled. I understand that stakeholders will be in attendance and recommend opening up the floor to comments and discussions regarding the past fiscal year and plans moving forward.

Alfredo, you can announce tomorrow morning that the Meeting will be cancelled but the board will be taking this time to address concerns, comments and suggestions from board members and stakeholders in regards to frustrations arising from last fiscal year and suggestions on improving processes for next.

I apologize for the abrupt change but it is my responsibility to shield the board from potential complaints and grievances. I have many suggestions for the board for this coming fiscal year and will make sure to share them with the board tomorrow morning.

Best,
Jasmine Duckworth
