"The following information contained herein is within my own personal knowledge and relates only to facts and circumstances surrounding the Grievance submitted by Teri Keresey on June 10, 2016 regarding Venice Neighborhood Council."

On June 5, the day of the VNC election, I passed out campaign material and talked to voters as they were in the consistently long line to enter the polling place. The line was so long that I could easily do this while obeying the 100' border within which electioneering is prohibited. During the time I was there I saw literally hundreds of people be delivered in buses and minivans. I had at least fifteen conversations with van riders. In each conversation I would ask the voter where in Venice s/he lived. Each of the fifteen or so who responded to me admitted they did not live in Venice but said they worked in Venice. When I asked such people where they worked the voters would blush, stammer, and / or say "not really". When I asked them if they knew what they were voting for and why, they acknowledged they did not.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. I understand that all information on this form is public record.
